PROFESSIONAL SUMMARY

Dedicated Computer Science Engineering student nearing graduation. Skilled in Java and C programming languages and with a strong foundation in Frontend development using HTML, CSS, and JavaScript through internships. Possesses a basic understanding of React.js for building dynamic user interfaces. Well-versed in SQL and database management, with a solid command of querying and optimizing data. Eager to apply technical knowledge and problem-solving skills to contribute to impactful projects in a dynamic work environment.

SKILLS

- **Java, C** - Competent in developing scalable applications, solving complex problems and implementing backend logic efficiently.
- **Frontend -** Strong skills in building responsive web applications with HTML, CSS, Bootstrap, and basic JavaScript. Basic understanding of React.js for dynamic user interface development.
- **SQL** – Proficient in database management, writing complex queries, and optimizing databases for efficient data retrieval and storage.
- **Problem Solving** – Adept at analyzing and solving technical problems with a focus on efficiency and scalability in backend systems.
- **Team management –** Capable of managing and coordinating teams to ensure successful project completion.
- **Communication** – Strong verbal and written communication skills for effective collaboration.
- **Adaptability** – Quick learner with the ability to adapt to new technologies, tools, and challenges.
- **Time Management** – Effective at managing multiple tasks and meeting deadlines in fast-paced environments.

PROJECTS

- **Online Bus Pass System:** Developed a bus pass management website with HTML, CSS and JavaScript, improving the efficiency of managing bus passes. Integrated features such as user registration, login, and mobile-friendly design.
- **Personal Portfolio:** Designed and built a personal portfolio website with HTML, CSS and JavaScript to showcase skills, projects and experience.
- **Weather Application**: Created a weather app using Open Weather Map Api, providing real-time weather updates based on user input.

INTERNSHIPS

- **Full Stack Developer Intern | Tarcin Robotics LLP (July – Sept 2023)**

  - Primarily worked on HTML, CSS and JavaScript, demonstrating a fundamental understanding of these technologies in web development tasks.
  - Assisted in the development and maintenance of web pages, utilizing HTML, CSS and JavaScript to improve user experience.
  - Collaborated with the team to implement interactive elements using JavaScript, enhancing website functionality and user engagement.
  - Actively participated in team discussions, showing eagerness to learn and apply new skills in web development.

EDUCATION

- **B.E Computer Science Engineering|2021 – 2025**
  Sethu Institute of Technology, Virudhunagar
  CGPA – 8.38
- **High School | 2020 – 2021**
  Ayira Vaisya Hr. Sec. School, Madurai
  Percentage – 87.61%
- **Secondary School | 2018 – 2019**
  Ayira Vaisya Hr. Sec. School
  Percentage – 83.20%

CERTIFICATIONS

- **NPTEL** Certified in **Cloud Computing** with 66% (Jul – Oct2023)
